

ERP CONSULTING TRACK

The SAP ERP Consulting track develops graduates into enterprise solutions specialists capable of integrating, configuring, and optimizing business processes at a professional level. Across the intensive 9-month program, participants gain hands-on expertise in Financial Accounting, Material Management, Sales & Distribution, Cost Controlling, and ABAP development—preparing them for high-demand roles with leading regional and global organizations. The track also introduces AI, SAP Joule, and Generative AI, enabling participants to automate tasks, enhance decision-making, and excel in the evolving world of intelligent ERP consulting.
